SCHLEY IS HONORED.

He Comes Next to Dewey for His Heroic Deeds.

THANKS RETURNED.

After Being Installed as Commander of the Loyal Legion He Makes a Short Address to His Many Admirers.

New York, Oct. 5.—Rear-Admiral Winfield Scott Schley was installed as commander of the Loyal Legion at the meeting of the order held at Delmonico Wednesday night. As he entered the dining room where the members had already gathered at the tables, he was greeted with applause and a round of cheers. The flag was duly presented and the oath of office was then administered to the new commander by the senior vice-commander, General Henry L. Burnett.

The room was decked with American flags and the shades on the candles on the tables were formed of the national colors. About 300 members and guests were present.

After the banquet Admiral Schley was introduced by General Henry L. Burnett, the presiding officer, as "the hero of Santiago," and there was not a single man in the apartment who did not shout his approval. In his speech Admiral Schley said in part:

"I am, first, very proud of this reception by those who maintained the flag

REAR ADMIRAL SCHLEY.

in the past. There is one thing that gladdens the heart of man through every hour of his existence, and that is appreciative regard of his friends and companions.

"I do not believe it could happen more than once in a man's life that he should get such a reception as was extended to me last Saturday, while in my humble way I was trying to do honor to the matchless and fearless Dewey. I was much surprised to receive such consideration from the people, and all the people in the world seemed to be in New York at that time. Throwing of flowers into the carriages seemed an unspeakable touching tribute. I doubt if ever a Roman conqueror ever was more splendidly greeted."

Referring to the Santiago battle he modestly said:

"The part I took in the Santiago fight was the same that any captain in the fleet would, and could, have taken. It was merely my luck and my opportunity and I took advantage of it. It was the man behind the gun who did the real work."

DELAY FOR SCHLEY.

His Flagship Will Not Be Ready to Depart for Some Time.

Washington, Oct. 5.—Reports received by the navy department from Captain P. H. Cooper, commanding the Chicago, showing that the vessel is in need of repairs, will delay Rear-Admiral Schley in the hoisting of his flag. The repairs to the Chicago will require almost two months, and the vessel will not be ready to start south until the latter part of November. The secretary left with the president, but he has made no provision for additional vessels for the South Atlantic station.

Captain P. B. Lamberton, commanding the cruiser Olympia, received orders after he had landed the ammunition at the naval magazine in New York harbor, to proceed with the Olympia to the Boston navyyard where the vessel will be placed out of commission. Captain Lamberton desires duty in Washington, but he would not be adverse to spending another year at sea in order to make up the usual sea tour of an officer of his grade.

Rear Admiral Sampson will resume command of the squadron and proceed with it to Hampton Roads. He will probably be relieved of the command at that point.

Formal orders were issued to Captain A. S. Barker, formerly commanding the battleship Oregon and the Asiatic squadron, directing him to assume com-

mand of the Norfolk navyyard. Capt. Barker will be promoted to the grade of rear admiral upon the retirement of Rear Admiral Howison.

Old Soldier Dead.

Brenham, Tex., Oct. 5.—D. G. Smith of this city, an aged and infirm Confederate veteran, died at his home here. He was a member of Colonel D. G. Giddings' regiment and was a dutiful, and gallant soldier during the entire four years' war between the states.

TAKING DEWEY'S ADVICE.

Philippine Islands Will Be Governed by a Commission.

Washington, Oct. 5.—In his interview with the president Admiral Dewey agreed fully with the views which have been expressed by President Schurman concerning the future government of the Philippine islands. He said he favored American control through the medium of a commission or a civil governor, but great latitude should be allowed for local government of the 60 or more tribes, so that the administration of affairs could be adjusted to meet their different habits and conditions.

President Schurman, who was in the city and had a conference with Secretary Hay, said in an interview that the commission would hold its first session in this city early in November. Admiral Dewey is here. Colonel Denby and Prof. Worcester are nearing San Francisco, and Mr. MacArthur, secretary of the commission, has sailed from Yokohama, bringing the records of the commission. The clerical force will remain at Manila which may indicate that the president will direct the commission to return to the Philippines before the dry season.

The adoption of Admiral Dewey's recommendation as to increasing the squadron gives some token of the strictness of the blockade which it is intended to enforce. Reports received from Rear Admiral Watson since Admiral Dewey's departure from Manila show that rice and hemp have appreciated in value 300 per cent and that in return for exports of these products munitions of war are being received by the insurgents.

The fact as to the long coast line of Luzon and the ease with which goods may be landed in one island and transported to another, have been fully explained to officials and this has been made the president the more ready to follow the admiral's advice. It is apparently not intended to proclaim a formal blockade, but rather to enforce a local blockade which will prevent it from assuming international significance.

GOING TO MANILA.

Cruiser Brooklyn and Two Gunboats Will Depart at Once.

Washington, Oct. 5.—The president has directed the immediate dispatch to the Philippines of a number of vessels of the navy, including the cruiser Brooklyn and gunboats Marietta and Machias. The action is the result of Admiral Dewey's interview in which he went over the Philippine situation with the president.

At Admiral Dewey's extended interview with the president Wednesday, the former went into the Philippine situation at great length, explaining the existing condition of affairs and his views on the outlook, concluding with the earnest recommendation that the Brooklyn and some other vessels be sent at once to the Philippines. This reinforcement of the present fleet of the Asiatic squadron he urged as necessary, and said the dispatch should be directed as early as possible.

It is not known how soon these vessels can be made ready, but their orders are to get away as early as possible, and no delay is anticipated. Their commanders will report to the department when they are ready to proceed, and on arriving at Manila will report without delay to the admiral commanding the Asiatic station for orders.

Warships Ordered to Manila.

Washington, Oct. 5.—The navy department is busily engaged arranging reinforcement of the fleet in the Philippines suggested by Admiral Dewey.

Orders have been telegraphed Badger at Mare Island to proceed to the Philippines as soon as possible.

No orders have yet been sent to the Bancroft at Boston.

Cruiser New Orleans ordered to Manila.

Miss Harrison Resigns.

Carthage, Mo., Oct. 5.—Miss Ella Harrison, of this city, president of the Missouri State Equal Suffrage society, has announced her resignation, assigning as a reason that her association with several mining ventures demanded her future personal attention. She has traveled in five states as national lecturer. She has notified Mrs. Susan B. Anthony of her withdrawal, also Mrs. Calt, of the national organizing committee. The association is expected to act upon her resignation at Chillicothe this week.

Mooring-Ward.

Wednesday afternoon at 2:30 o'clock at the home of the bride's parents in Marlin, Mr. Seth Mooring and Miss Julia Ward were united in marriage, Rev. McKinney officiating. It was a pretty home wedding and soon after the ceremony Mr. and Mrs. Mooring left for San Antonio.

Miss Ward is well known in Bryan and as much beloved here as in her own home. Mr. Mooring is one of the enterprising and successful young business men of the city and enjoys a high degree of popularity. They will make their home in Bryan, and a very large circle of friends here will receive them with hearty congratulations upon their return.

Kernole-Hanns.

Mr. J. O. Kernole and Miss Alma Hanns were married Wednesday evening at 9 o'clock, at the home of Mr. and Mrs. John Wickey, at Anderson, Rev. J. G. Tanner, of Navasota, officiating. Mr. Alf Patterson of Bryan, and Miss Ida Mobeley of Anderson, were the attendants, and there were present, besides relatives, many friends from Anderson, Navasota and Bryan.

After the ceremony a reception and supper was tendered Mr. and Mrs. Kernole by Mr. and Mrs. Wickey, uncle and aunt of the bride, who accompanied the wedding party to Bryan yesterday. A magnificent dinner was enjoyed at

the Kernole home yesterday, and last night a reception was also tendered the young couple by Mrs. Kernole, mother of the groom, at which congratulations of friends were showered upon them.

The Quartette Club was entertained most pleasantly by Miss Clarke, Monday evening. The program was as follows: Instrumental, Mrs. W. S. Wilson; Vocal solo, Mrs. J. A. McQueen; Instrumental, Mrs. W. S. Howell. The meeting then adjourned, to meet with Mrs. W. S. Wilson, Monday evening at 8 o'clock sharp.

A. G. Allen's Big Original New Orleans Minstrels is billing the city to appear here under canvas Wednesday night Oct. 11th. Beyond any doubt this is the largest and most widely known Colored Minstrel Company extant. The management points with pride to the fact that for more than twenty-five years it has been acknowledged the leading Colored Minstrel Company before the public. With but one exception, it is the only Colored Minstrel Company that has ever visited England and appeared on the continent of Europe; the only Colored Minstrel Company that has ever visited Cuba; the only Colored Minstrel Company that has ever visited the Republic of Old Mexico, having played an extended engagement of three weeks in the City of Mexico alone. Admission 25 and 35c.

The first foot ball game of the season will be played on the gridiron at the A. & M. College Saturday afternoon at 3:30 between the College team and the Houston High School team. Admission 50 cents. The College team is under the instruction of Coach W. A. Murray, who was last year captain of the Pennsylvania State College team and is one of the best players in the country. The game is looked forward to with much interest, and it is hoped there will be a large attendance from Bryan. The A. & M. boys will play the State University team of Austin, at San Antonio, November 4.

Chas. Edinburg's restaurant in the Zennati block is now open day and night. Regular meals 35 cents. Short order lunches at all hours.

ANDRADE TO LEAVE.

Has Engaged Passage to Depart From Caracas.

New York, Oct. 5.—A cable dispatch has been received in this city from Caracas to the effect that President Andrade has engaged passage for himself and family on the Philadelphia which leaves LaGuayra on Wednesday for Ponce, Porto Rico and New York. It is generally believed he will go to Ponce.

If this dispatch is authentic, it means that President Andrade regards himself as defeated by the insurgents under General Cipriano Castro, and will leave the country to save himself. The latest advices received here say that General Castro and his advance guard are at El Valle, which is only three miles from Caracas. General Castro, however, has declared against entering the capitol, as a battle there would entail the loss of lives of many disinterested persons. He wishes, therefore, to engage the government troops just outside the city. The latter, however, show no disposition to meet the rebels in a decisive battle.

The revolutionary forces have been augmented by the followers of General Jose Manuel Hernandez, who is now in prison in Caracas. Thus far the latter have fought independently of the Castro forces. General Samuel Acosta, one of General Hernandez's leading officers, has been appointed military governor of the state of Carabobo, which has fallen into rebel hands. General Acosta is the person who killed President Crespo in battle.

There are said to be nearly 2000 political prisoners in Caracas. The news of insurgents success, it is said, has done injury to the present government. A local firm received a cable order last week from Venezuela for 3000 rifles, 100,000 cartridges and one Hotchkiss rapid fire gun. The firm, it is declared, refuse to make the shipment until they received pay.

Rebels Sentenced.

New Orleans, Oct. 5.—The steamship Breakwater, just arrived from Bluefields, brings the news that a courtmartial was recently held in Maragua, the capital, for the purpose of dealing with those who participated in the Rensselaire revolution. General Reyes and General Luis Gamez, ex-Governor of Roma, were sentenced to death. Colonel Kennedy, the New Orleans rough rider, and Captain Cutter, also of this city, with Father J. Garcia and two Americans, whose names could not be learned, got sentences of fourteen years, and three Americans were sentenced to eight years' imprisonment each. Not one of those convicted was present during the trial, and not one is now in Nicaragua. The courtmartial was held in accordance with Latin-American usage, and the sentences will be kept on record to be revived in case any of those men found guilty should attempt to revisit Nicaragua, a contingency which is extremely unlikely to arise.

Given Ninety-Nine Years.

Nacogdoches, Tex., Oct. 5.—Barney Moreland, who narrowly escaped a lynching a few weeks ago at Nacogdoches, when a maddened mob was stood off at the jail by armed officers and finally dispersed by peaceable persuasion, was tried in the district court and given 99 years. He has been jailed at Lufkin for safety from mobbing and was secretly brought to trial. No one but the court officials and witnesses were permitted to be present during the trial. He had no counsel but the presiding judge gave him a fair showing. The trial only lasted three hours. The offense was entering the sleeping room of Miss Mary Black just before daylight with foul intent.

Will Haul Mules for England.

New Orleans, Oct. 5.—The English steamship Prah, which will be the first of a fleet of vessels leaving this port with a cargo of mules for the English army in South Africa, is tied up at the South Port dock. There will be three ship loads of mules sailing from New Orleans within the next ten days. The big vessel Montezuma will carry about 1500 mules and the Prah will carry about 900, leaving about 1000 for the third vessel. Agents for the Elder Dempster line, owner of the vessel, fully expect this ship to get under way on next Tuesday evening.

Gage to Resume Banking.

New York, Oct. 5.—The report that Lyman J. Gage, secretary of the treasury, had disposed of his real estate and other property in Chicago and that he intends to settle in New York, revives the rumor that Mr. Gage will, on his retirement from office, become president of the National Bank of Commerce of New York, succeeding W. W. Sherman, who resigned that place on July 1. Mr. Gage is a friend of J. Pierpont Morgan, who is vice president of the bank, and it is said that Mr. Gage is Mr. Morgan's choice for president.

Channel to Texas City.

Washington, Oct. 5.—The secretary of war has directed that work proceed in accordance with the river and harbor appropriation act for dredging a channel north of Pelican island to Texas City, Tex. This project was opposed by the people of Galveston on the ground that it would injure their harbor. A report from Colonel Robert is against the contention of the Galveston people.

Effort to End the Pana Strike.

Pana, Ills., Oct. 5.—The merchants of the city, who have been sympathizers with the striking miners, are making an effort to have the Pana miners resume on a compromise scale of 25 cents. A meeting was attended by the merchants and the local union's executive committee. Conference committees were appointed.

THE BOERS ADVANCING

Dispatches Say They Are Marching on New Castle.

TAKING ARTILLERY.

Reports Cause Somewhat of a Stir—Authenticity of the Advance Lack—Some Conflicting News Is Received.

London, Oct. 5.—The Daily Telegraph publishes in its second edition early this morning a dispatch from New Castle, Natal, announcing the Boer advance began Wednesday with a double movement of artillery. The dispatch says: "The Boer advance began today with a general movement of artillery. The Boers are occupying Laings Nek nightly, and now hold the mountains to the southwest of Volksrust. There are no British troops nearer than Ladysmith, and preparations are being made to abandon Natal from the frontier to Glencoe. The inhabitants of New Castle met and decided not to attempt to defend the town in the event the Boers advance in force. General Symons is prepared to evacuate within 24 hours. People are crowding the trains for Ladysmith."

Although news from South Africa is unmistakably grave, the advocates of peace still derive a glimpse of hope from the dispatches. News is contradictory. Side by side with the announcement that the Boers have occupied Laings Nek, is printed a dispatch from Pretoria stating that The Transvaal government has issued strict injunctions to commandants that British territory must not be invaded and Commandant General Joubert has issued a proclamation threatening to shoot any man who crosses the border. While it was not necessary to accept all sensational statements regarding the advance of the Boers, there is not a jot of evidence to show that the burghers contemplate receding.

Up to 2 o'clock this afternoon nothing arrived to confirm the dispatch from New Castle to the Daily Telegraph, announcing a general advance of Boer forces. The war office of the Colonial, profess entire ignorance in the matter, but this is in consonance with its attitude towards the press.

It is alleged that the Boer advance coincides curiously with simultaneous telegrams received from various quarters regarding the Boer ultimatum and the expectation of the time limit was Wednesday night.

A distinctly serious ugly statement comes from New Castle to the effect that armed Kaffirs accompany the Boer commanders. This will be an absolute breach of conditions supposed to govern warfare among civilized nations and if it is true the scene is worse than even the gloomiest forecast.

An unconfirmed report says martial law has been proclaimed in The Transvaal.

HOPE FOR PEACE.

Some Military Men Believe There Will Be No War with Transvaal.

London, Oct. 5.—Prominent men connected with the military and other services now declare that there will be no hostilities with The Transvaal, but that matters will be adjusted at the last moment.

The reasons for their confidence in the maintenance of peace are not apparent to outsiders who cannot understand how an outbreak of war can be prevented, but it is true that the situation is not regarded by some members of the ministry as entirely hopeless. Public opinion also reflects this optimistic view, although no intelligible reason can be given for the reaction against the war feeling which has prevailed for the last three weeks.

President Kruger's delay in striking the British garrison when it was the weakest, has tended to convince some journals that he will not open hostilities, and that he may consent to a conference if he is assured that England's fresh demands, when presented, are a complete list of grievances, and that no new issue will be raised.

The satisfactory issue of the Venezuelan arbitration is also a timely object lesson which influences public judgment. While the reaction against militarism may be only temporary, it encourages the members of the peace party to renew their efforts, and make much of Sir William Vernon Harcourt's conversion to their views.

Awaiting Another Dispatch.

Pretoria, Oct. 5.—F. W. Reitz, The Transvaal secretary of state, in the course of an interview given a representative of the Associated Press said:

"The Transvaal government is awaiting the next imperial dispatch which ought to contain the final proposals of Great Britain. The British agent in formed me that a dispatch was in the course of preparation, but that some days would elapse before it would be ready. In the meantime The Transvaal forces are mobilizing and are going to the frontier. The government, however, has issued strict instructions to commandants and all other military officers that on no account to violate British territory."

Given the Death Penalty.

Richmond, Tex. Oct. 5.—The jury in the Jim Murphy case returned a verdict of guilty and assessed the death penalty.

We have just received a new stock of delightful soaps, including Crushed Roses, Crushed Lillies, Crushed Lilacs, Crushed Violets and the well-known La Tosca. FOR SOUTH AFRICA.

British Government Buying Many Horses
and Mules in This Country.

New York, Oct. 5.—Agents of the
British government are now in this
country picking up horses and mules by
the hundreds and arranging for a speedy
shipment. New York dealers say that
12,000 horses and mules are to be bought
for use in South Africa. Some are to
be shipped from gulf ports, others from
New York.

It has long been known that American
horses are meeting exceptional favor
abroad, but it was not hitherto under-
stood that our stock was so highly re-
garded as this action of the British war
office would seem to indicate.

The horses that are to be purchased
by the British agents are heavy, well
built horses, chiefly from the middle
states, that are at present greatly fa-
vored in London for cab and draught
purposes. They are valued at from
\$125 to \$150 each and stand on the aver-
age, about 16 hands high. The mules
that are being looked out for are those
of excellent quality, but not of the best
sort. The finest American mule today
costs from \$175 to \$300 dollars, as much
as a first class horse of equal draught
power, and he runs from 16 1-2 to 17 1-2
hands high, at times even up to 18
hands. The Missouri stock is perhaps
the best known.

"As to mules," said a dealer, "we
have already exported them to South
Africa from here, and the British war
office must have noticed of what value
they have been. Not many mules have
gone abroad, and especially to South
Africa, it is true, but enough to make
them popular there. For one thing the
mule is never troubled by the setse fly,
so prevalent in Africa, that drives
horses wild, and it can do good work in
a campaign, if it cannot be fed oftener
than once in 24 hours.

The British government is understood
to be looking for a class of mules some-
what smaller and less expensive. It
has, it is said, fixed upon a mule 15
hands high and costing about \$125, of
the same general stock, however.

It is interesting to note that there is
this demand for American stock, despite
the present high prices. Horses and
mules for draught purposes sell nearly
35 per cent higher than they did a year
ago. This consideration does not seem
to have deterred the British war office.
In all probability the export figures will
not exceed those of last year, because
of this consideration. Last year, as it
happened, was a banner year, and struck
the top notch by some thousands. In
all 55,000 head of horses and mules were
exported, 80 per cent of them from New
York, one single line carrying 15,000.
The export figures for 1897 showed 45-
000, a great increase over 1896. With-
out the purchases of the British govern-
ment, this year's figures will, it is said,
touch 50,000 at the lowest. The entire
trade is less than 10 years old.

From Wichita to Denison.

New York, Oct. 5.—Colonel C. M.
Ponts, president of the Shawnee, Okla-
homa and Indian Territory Railroad
company, says that the Shawnee, Okla-
homa and Indian Territory railroad and
the Wichita and Southern Railroad com-
pany have united their interests.
Contracts, he said, have been signed in
this city to furnish the money required
to build their lines from Wichita, Kan.,
to Denison, Tex., and Texarkana, Ark.,
and the work at locating town sites will
be commenced at once.

Soda Beds Surveyed.

El Paso, Tex., Oct. 5.—Fred H. Pietz,
a civil engineer, has just returned from
the immense soda beds of Dona Ana
county, New Mexico, where he surveyed
and staked off 84,000 acres of soda lands
for a Pittsburg syndicate. The soda is
almost pure and the beds are 35 miles
long, 12 miles wide and 60 feet deep.
The syndicate proposes to establish a
plaster of paris and cement works and
connect with the Santa Fe railway
by means of a short line.

Burned and Bruised.

Greenville, Hunt Co., Tex., Oct. 5.—
News was received from Dixon, seven
miles south of here, that Ed Pickard,
aged 18, had been seriously injured
while coon hunting. A coon had been
treed and a fire built under the tree for
light, and he ascended the tree to shake
off the coon. He slipped and fell into
the fire, being both burned and bruised.
His unfavorable symptoms are hemor-
rhages, and it is not known yet just how
seriously he is hurt.

Exercised Over Smallpox.

Bonham, Tex., Oct. 5.—The farmers
in the southern part of this county are
very much exercised over the report of
smallpox at Celeste, just across the
county line in Hunt county. And it is
reported that there are a few cases on
this side of the line a few miles south of
Bailey, though the county has taken no
action in regard to it.

Off for the West.

Washington, Oct. 5.—President and
Mrs. McKinley and party including the
entire cabinet, left Washington at 9
o'clock last night for a half month's trip
to Chicago and the northwest. A small
crowd gathered at the station, but the
departure was without incident.

Case of Varioloid.

Denton, Tex., Oct. 5.—The negro, Bob
Arch, who was reported Monday to
have the smallpox, it is now learned has
a very severe case of varioloid and is
now getting better.

Alaskan Boundary Dispute.

Washington, Oct. 5.—The state de-
partment has received assurance that
Great Britain will soon ratify the agree-
ment on the provisional Alaskan bound-
ary line.

THE OLD FLAG.

It Will Be Returned to the Survivors of
Terry's Texas Rangers.

Dallas, Oct. 5.—Governor James A.
Mount of Indiana, is in Dallas. He is
accompanied by his wife and a large
staff of officers, many of whom brought
their wives, and the object of his visit
to this city is to return today to the
remnant of the gallant regiment at the
head of which it was once proudly un-
furled the battle flag of Terry's Texas
rangers, which fell into the possession
of an Indiana regiment during the war
between the states, nearly two score of
years ago.

Terry's Texas rangers formed one of
the most famous regiments of the war.
They were known far and near on both
sides of the battle line for their courage
and dash. Riding with the skill that
only Texas horsemen know, endowed
with all the courage of the boys of the
plains, half disciplined, rough and
ready, profane but goodhearted, they
willingly rushed to the charge through
hells of minnie balls while other brave
men paled and faltered. It was their
boast that they had never lost a flag in
battle. The question of the return of
this flag by the state of Indiana to the
survivors of the rangers has been long
discussed, and in a manner that has at-
tracted attention the country over. Fi-
nally it was settled by a vote of the In-
diana legislature and Governor Mount
is here with the tattered old flag around
which cling so many tender memories,
to carry out the will of that body as ex-
pressed by that vote.

Yesterday Governor Mount and party
were entertained by the ex-Confeder-
ates and last night by Grand Army of
the Republic members.

The Old Flag Returned.

Dallas, Oct. 5.—The tattered battle
flag of Terry's Texas rangers has been
restored to the remnant of that gallant
Confederate band, the ceremonies tak-
ing place at the auditorium at the fair
grounds. Gov. Mount of Indiana and
staff; Governor Sayers of Texas and
staff were escorted to the fair grounds
where they were met by a delegation of
ex-Indians, ex-Confederates, and
members of the G. A. R. who es-
corted them to the auditorium. Gov-
ernor Mount delivered an impressive
speech before the large assembly and
presented the flag to Governor Sayers,
who, in turn, presented it to Hon. James
Miller, president of the association of
Terry's rangers. Great enthusiasm was
manifested during the proceedings.

BOYCOTT LEGALIZED.

Kansas City Merchants Upheld in Their
Fight on the Burlington.

Kansas City, Oct. 5.—The judges of
the Jackson county court, sitting in this
city, have recognized the boycott in-
augurated by the business men of Kansas
City against the Burlington road. The
judges instructed the sheriff that so long
as the boycott is in force he must not
travel over that road in taking insane
people to the state asylum at St. Joseph.
The fight on the Burlington road which
was begun Sunday last as a result of
the Omaha differential, is being pushed
by local merchants.

Notorious Bank Robber Daid.

Philadelphia, Oct. 5.—Jimmy Logue,
the notorious bank robber died in the
county alms house here aged 62 years.
He had spent 20 years in prison in sev-
eral states. He was connected with
three bank robberies in this city and
also operated extensively in other cities.
One of the largest robberies he has
made was in Washington, where he
played his fix game of sneaking through
a roof trap. His victim in this case
was Naval Constructor Hanscomb, and
his booty was \$75,000. At one time
Logue had \$300,000.

Dies of His Wounds.

El Paso, Tex., Oct. 5.—Edward O'Con-
nor died here from the effects of a bul-
let wound received Sunday at the hands
of an Americanized Mexican. Young
O'Connor was the brother of the county
treasurer J. P. O'Connor and came here
three years ago from Paris, Tex. He
was very popular and his death has
aroused great indignation against his
Mexican assailant. Because of the
polar feeling it has been thought best
to place a strong guard of rangers about
the jail where the Mexican is confined
to prevent a lynching.

Verdict for the State.

San Antonio, Oct. 5.—The jury in the
quo warranto case against the Crystal
Ice company to forfeit charter and for
appointment of receiver for alleged en-
tering into an ice trust, rendered a ver-
dict this evening finding in favor of the
state and against the ice company. The
district judge has not yet named a re-
ceiver, as the defense has two days in
which to make motion for new trial.

Was Set on Fire.

Little Rock, Oct. 5.—Conclusive evi-
dence has been discovered showing that
the fire which destroyed the deaf mute
institute last Saturday was of incen-
diary origin. The board of charities has
been making a close investigation, and
it is probable the governor will offer a
reward for the apprehension of the
guilty party.

French Slap at England.

Paris, Oct. 5.—M. Aubert, French
consul at Pretoria, has been promoted
to the rank of a consul general. The
Boers have received intelligence of the
promotion as a sign of French sympa-
thy, and they have so acclaimed it.
However, the action is simply intended,
apparently to serve as a pin prick in
England's side.

Quarrymen Strike.

New Castle, Pa., Oct. 5.—Fully 1500
quarrymen employed at and around
Hillsville, Carbon and Lowellville have
struck for an increase in wages.
